

MMP Applications

- Anyone may join the MMP program on line at any time for \$20. (incl. HST) by visiting: aumomega3.com
- When joining the MMP as a member, please :
 - indicate a preferred sponsor (which may be valuable if the intention is to become a distributor in the future) or
 - simply leave sponsor space blank and be directly sponsored by the company.
- To become a distributor, you must provide your Social Insurance Number, since you may be receiving an income. The distributor application costs \$35.00 which is earned by the sponsoring Distributor. If you are already a member and wish to become a distributor you will still need to pay \$35.00, so it may be best to start as a distributor and save the additional \$20 membership fee. The new Distributor receives a complimentary bottle of Sublingual D (\$35.00 value) with their third month's MMP shipment of product.
- Applications are not transferrable to different sponsors.

MMP Pricing

- Product purchased on the MMP program provides substantial savings to encourage regular usage and long term health benefits
- An initial Regular Membership costs \$20.00 , A Distributor Membership costs \$35.00
- Along with the third consecutive monthly shipment, the new Distributor will receive a complimentary bottle of Sublingual D (a retail value of \$35.00)
- The first QUALIFYING bottle of product costs \$35.00. All ADDITIONAL products on the same monthly MMP costs \$25.00 each. There is a maximum of ten (10) products per MMP.
- For example if Mary orders 1 Sublingual D and 2 Essential D3A, her cost would be:
- \$35.00 plus $\$25.00 \times 2 = \85.00 . There is a FLAT RATE shipping for MMPs of \$9.95. This is not dependant upon the number or selection of products.

Compensation Program

- The sponsoring Distributors earns a commissions of \$15.00 on the QUALIFYING product of each MMP provided:
 - (a) they have directly sponsored at least 5 *active* MMP members
 - (b) they are registered as a “distributor”
- Should the sponsor not meet requirements (a) AND (b) then the \$15.00 commission is “compressed” upward to the next qualified distributor
- The \$15.00 commission is not dependant upon the number or selection of ADDITIONAL products

Compensation Examples

- Mary who is a distributor, sponsors Bill and 4 other members each of whom purchase at least (1) QUALIFYING Auum product on their MMP
 - Mary earns $\$15.00 \times 5 = \75.00 every month these 5 members receive their orders.
- Bill is not a distributor but can always introduce (sponsor) his friend Sally
 - Bill does not receive a commission unless he becomes a qualified distributor
 - The commission from the new MMP Bill just sponsored is “compressed” upwards to the first qualified distributor (Mary) who receives the \$15.00, for a total of \$90.00.
- Bill may choose to become a distributor so he too can earn commissions and can still earn the \$35.00 application fee for sponsoring Sally provided he is a registered as a distributor.
 - Bill will begin to receive the commissions from the MMPs he has personally sponsored once he has sponsored a minimum of 5 active members receiving product on MMP.

AUUM Wellness Practitioner (AWP)

- Once a distributor has directly sponsored a minimum of 15 active MMPs, they earn the designation of AWP.
- AWP's earn a second level of commission of \$5.00 from all ADDITIONAL products from members and distributors in their network who are not part of another AWP network. The \$5.00 commission per product is dependant upon the number of ADDITIONAL products only, and is not affected by product selection.
- For example Mary who is an AWP has sponsored Bill and 14 others who each of whom have purchased Auum products on MMP
- Mary earns $\$15.00 \times 15 = \225.00 every month Bill, and the 14 others receive their orders
- Bill is a distributor and has sponsored Sally and 4 others who each purchase Auum products on MMP. Bill earns $\$15.00 \times 5 = \75.00 every month Sally and the 4 others receive their order.
- Assuming all of the members/distributors ordered 1 ADDITIONAL product Mary would earn \$5.00 for each of the ADDITIONAL products ordered that is $\$5.00 \times 20 = \100.00 for a total of \$325.00
